

CHILDREN SOLD INTO BONDAGE

Indignation is Aroused
by Fact in Frontier
Provinces

ANNUAL CHILD MARKET

Between 300 and 400 Boys and
Girls Are Contracted Out
by Parents.

Friedrichshaven, Germany, April 10.—The annual recurrence of the century-old child labor market on March 31—which many journals describe as only a slightly disguised selling into temporary slavery, has again aroused a storm of indignation in the frontier provinces of Austria, Switzerland and Germany.

In the market-place of Friedrichshaven between 300 and 400 boys and girls of from 11 to 14 years of age, whose homes are in the outlying districts of the Tyrol and Vorarlberg, are contracted out yearly for seven months, from April 1 to the end of October, to farmers from Southern Bavaria, Wurttemberg and Baden.

Very little consideration is given to the wishes of the children themselves, most of them being sent into service against their will and in order to satisfy the avarice of their parents.

The children, generally in the charge of their parents, reach Friedrichshaven on Labor Market Day. Here they are drawn up on the market-place and then brought forward for inspection by a crowd of farmers, who look them over, feel and poke their limbs, meanwhile discussing loudly their physical merits and demerits.

Gradually all are disposed of, and those in charge of the children then sign with the farmers agreements for the seven months' bondage and the sums agreed upon are handed over. This usually amounts for the entire period of seven months to \$12.50, but sometimes it attains \$20.

The terms of the contract are very harsh, providing that the children, regardless of sex, may be utilized for "cattle herding, housework, stable and stall cleaning, nursing children, feeding cattle, running errands and whatever else the master may require them to do."

"Good treatment" is included in the contract, but, according to a local newspaper, which has conducted an inquiry, this clause is more often broken than observed, and many children return home partially crippled or totally wrecked in health, owing to the brutality of their masters.

Heart-rending scenes are witnessed when the children part from their parents and are handed over to their masters, to be taken away from all their relatives for seven long months.

GIRLIES

Are Making a Hit as Telegraphers in
the Erie Railway Offices and
Men Want More.

Akron, April 10.—Nankin and Polk are two favorite stops with the Erie trainmen. At these stations the Erie company is experimenting with girl operators. Miss Helen Jordan presides over the Nankin office and Miss Nina Gwinner is at Polk.

Men operators, who formerly dashed out of their office the instant time was up, now tarry. They often miss supper. At 10 o'clock in the evening, when the young women leave their posts, "strings" of men can be observed at Nankin and Polk. It is said that men in other offices along the line have petitioned for girl operators.

WILL NOT ACCEPT ENGLAND'S INVITATION

Washington, April 10.—The American government has decided not to accept the invitation of the British government extended through Ambassador Bryce, for the Atlantic fleet to visit the ports of England on its way home. Secretary McCall sent to the cabinet today with memoranda showing that it will be impossible for the fleet to extend its itinerary in any possible manner and return home by February 22, the date set by the president for its return.

KENTUCKIAN EXECUTED

LEO THURMAN PAYS PENALTY
FOR MURDER OF FELLOW
MARINE.

Had Killed Comrade With an Ax and
Packed His Body in a Trunk
After Which He Fled.

Norfolk, Va., April 10.—Leo C. Thurman, the young Kentucky marine who murdered his fellow marine, Walter P. Dolsen, early last year, was executed this morning. He went calmly to his death. Thurman killed Dolsen with an ax then packed his body in a trunk. Before he could be captured he fled and after wandering through Mexico and the United States was captured in Canada. He was several times respited, once at the request of the governor of Kentucky. Thurman was reared near Louisville, Kentucky.

VICTIM OF INSANE MAN

Pittsburg, April 10.—That Dorothy Yost, 16-year-old school girl of McKee's Rocks, who was murdered by Samuel L. Gardner, 56 years old, who then committed suicide, was the vic-

tim of an insane person is the general belief.

Without the slightest encouragement, it is said, Gardner fell passionately in love with the girl, who was the constant chum of his own daughter. Driven insane by jealousy when she accepted the attentions of David Bernhart, 18 years old, Gardner prepared to kill the girl Bernhart and himself. That Bernhart escaped was due alone to the fact that Gardner was unable to find him.

Several days before the tragedy Gardner confessed his love for the school girl to his own wife, and also told that he would be obliged to seek a divorce so that he might marry Dorothy.

LICKING CO. MAYORS

Mayor H. Billman of St. Louisville who was born in Mary Ann township in 1851, is a life long Democrat, has lived for 30 years in Newton town ship, and has been a resident of St.

H. BILLMAN, ST. LOUISVILLE.

Louisville for the past eight years Mr. Billman has served in various township offices and is filling the position of mayor to the entire satisfaction of his fellow citizens. Mr. Billman is one of the best known men in Licking county and he has a wide circle of personal friends. He has been a life long reader of the Advocate.

CABINET MEMBERS

ARE BEING CLOSELY GUARDED
BY SECRET SERVICE MEN OF
THE GOVERNMENT.

Nearly Every Member Has Received
Warning by Anonymous Letter
Writers.

Washington, April 10.—Secret service men are guarding cabinet members from threatened attacks from anarchists. Postmaster General Meyer, who recently suppressed La Question Sociale, the organ of the Reds at Paterson, has received a large number of threatening letters and his home is being shadowed by detectives day and night. Nearly every member of the cabinet has received warning from anonymous letter writers, and whenever these officials stir out of their beaten tracks they are under the watchful eyes of government detectives.

MISS ROBINSON

RECEIVES SENTENCE OF FOUR
YEARS' IMPRISONMENT FOR
PERJURY.

Is Daughter of an English Policeman
and Has Never Been in the
United States.

London, April 10.—Miss Mary Robinson was sentenced today to four years' imprisonment for perjury in the Druce case. She pleaded guilty and her counsel raised the question of her sanity. The court considered her responsible and refused to spare her on account of any supposed mental infirmity. Miss Robinson professed to be the daughter of a Virginia planter who lost his fortune, she said, during the Civil war. Her story was that she went to England and secured a position as secretary to the Duke of Portland, who told her he spent much time masquerading as T. C. Druce, a small tradesman. She proved to be the daughter of an English policeman, and was never in America in her life.

INSANE PERSONS

ON THE INCREASE IN NEW YORK
DUE TO FINANCIAL PANIC
OF LAST FALL.

Insane of State Now Numbers 28,000
Nearly 6,000 Having Been Added
During Past Year.

Albany, N. Y., April 10.—The financial panic of last fall and results have so increased the number of insane persons in public hospitals that Dr. Ferris, president of the state lunacy commission has been led to issue a public statement showing the necessity for the immediate construction of a new hospital near New York city. In addition to those who have lost their minds following reverses a great many insane persons until recently cared for by their families, have been turned over to the state. The total number of insane now in state hospitals is 28,000. In the last year 5,931 new cases have been admitted and 4,722 of these came from Greater New York.

HIP POCKET

Will be Useless in Oklahoma Hence-
forth as Carrying a Bottle is in
Violation of Law.

Guthrie, Okla., April 10.—A strict construction of the new state liquor law by Assistant Attorney Highly is to the effect that the carrying of a bottle in a man's pocket is a violation of the law. Mr. Highly contends that shipments of liquor are legal, for the reason that they are interstate commerce. But if a person buys liquor in another state and personally transports it to a point within this state he violates the law. He holds that the article is bought under the law in the other state and that when it reaches Oklahoma it is under the regulation of Oklahoma interstate police power. He further holds that it is the duty of the sheriff to confiscate the liquor when found in the possession of the person.

By request of Governor Haskell Attorney General West withdrew his ruling that Oklahoma newspapers may carry whiskey advertisements of interstate shipments.

BIG PHILADELPHIA FIRE.

Philadelphia, Pa., April 10.—Fire today burned the big lumber yards of Shepley & Vandergrift, cigar box manufacturers, ruined the plant of the Philadelphia Veneer & Lumber Co., and destroyed a half dozen houses.

WILL ACT ON PRESIDENT'S SUGGESTION

Congress Will Banish
Anarchist Papers
Immediately

ARE A GRAVE MENACE

Democrats and Republicans Alike
Are United on the
Proposition.

Washington, April 10.—Drastic action will be taken by congress within the next week or two to suppress further the anarchists in the United States as a result of an urgent special message sent to both branches of congress by President Roosevelt, urging additional legislation by congress in this direction.

Democrats and Republicans are united on the proposition that nothing should be left undone to prevent further spreading of the propaganda of the anarchists in this country and the bills to be prepared by the leading lawyers in the senate and house after consultation with the President and Attorney General Bonaparte will go through without opposition.

That the President regards the increase in activity among anarchists of the country as its most grave menace is indicated by the earnestness and brevity of his message to congress, transmitting the report of the attorney general with reference to the suppression of the anarchistic organ La Question Sociale, published in Paterson, N. J., and his demand for laws which will provide means for criminal prosecutions for publishers of papers of this character.

Acting upon the suggestion of the attorney general that little can be done under the present laws except to bar the publication from the mails, and that there is no law in existence under which the publishers of the paper in question could be punished, the President urges congress to provide a law which will meet the situation. The report from the attorney general was based upon a request from the president for advice as to whether or not the publishers of the paper in question could not be prosecuted.

HOUSE BILL

Of Representative Howard Will Re-
ceive Immediate Attention from
Senator Atwell.

On Wednesday afternoon Colonel Cliff Rosebrough received a telegram from Hon. R. W. Howard informing him that the bill to provide a plot of ground for indigent soldiers in incorporated cemeteries had passed the House of Representatives.

Colonel Rosebrough gave out the information at the regular meeting of Sam Williams Camp that night, and by a unanimous vote, thanks of the camp was tendered in a splendid resolution and a copy of the same ordered sent to the honorable gentleman. Mr. Rosebrough then notified Senator Atwell of the passage of the bill known as House Bill No. 753, and on Friday the following letter was received from the Senator:

Ohio Senate,
Columbus, April 9, 1908.
Dear Sir—Your letter of April 8 has been received. I shall give House Bill No. 753 my immediate attention, and I assure you that I shall do all I can to secure its passage.

At any time that I may be of any service to you, command me.

Sincerely yours,
W. L. ATWELL

It is hoped that the Senate will take up this bill and secure its speedy passage.

BALL PLAYER DEAD AT UTICA

Utica, N. Y., April 10.—Michael G. Griffin, one of the greatest fielders in the history of baseball, and for several years captain of the Brooklyn Nationals, died here today of pneumonia, aged 43.

MISS GLADYS SQUIERS

Photo by
COPPOLA, ST. LOUIS

Panama, April 10.—While the orchestra at the bachelors' dance at the Tivoli club on Saturday night was playing the waltz, "The Time, the Place and the Girl," Miss Gladys Fargo Squiers, daughter of the American Minister, Herbert G. Squiers, evaded her mother's watchfulness and was married to Harry H. Rousseau, Canal Commissioner, by Supreme Court Judge Gudgeon.

The romantic attachment of the young people has been a subject of

PRINCE HELIE DE SAGAN WILL SECURE HIS BRIDE WITHOUT GOULD'S SANCTION

New York, April 10.—The marriage of Prince Helie de Sagan and Mme. Anna Gould has been finally and definitely decided on. It will take place somewhere in France early in June. There will be no formal announcement of the engagement in this country.

This was learned yesterday from a source close to Mme. Gould. By way of corroboration Mme. Gould dined in public with Prince Helie in the Hotel St. Regis last night after having been his guest at luncheon in the same hotel.

There is every reason to believe that the Gould family will make no further objections to the match. This does not mean that Mme. Gould has won them over or that they will consent to receive the Prince. Her readiness to go to law if there is any attempt to curtail her income or divide her \$15,000,000 share of the Jay Gould estate has discouraged the family from pressing her financially. Her love for de Sagan outbalanced the persuasive efforts against him on which Edwin Gould has been engaged for two weeks. If George Gould heard from his

TWO REPORTS ON THE MECK INVESTIGATION

Columbus, April 10.—The Meck investigating committee is unable to agree upon a report, so two will be submitted.

One by the Republican members of the committee will apply the whitewash brush. That by the two Democratic members, joined by Senator Lamb, and prepared by the two attorneys, Daugherty, Democrat, and Judge Milner, Republican, will hold that the charges were sustained in all essential particulars.

The testimony bearing upon the one charge of alleged immorality and involving Prof. S. P. Humphrey and Miss Dollinger, will be given in the report, leaving the reader to draw his own conclusion, as to its truth or falsity.

The report prepared by Daugherty and Milner and to be signed by the Democratic members, Senator Lamb, the Toledo Independent joining them will recommend that the appointment

of state school examiners be taken out of the hands of the state school commissioner and placed in the hands of the governor, the senate to confirm.

The report will also recommend the enactment of a law preventing state school examiners from doing institute work, a practice largely responsible for the Meck investigation.

TEN MINERS ARE KILLED

London April 10.—Ten miners were killed by a gas explosion in the Norton Hill colliery in Somersetshire today.

From all parts of Germany sharp advances in the prices of the necessities of life, especially in foodstuffs and fodder for live stock, are reported.

THOUSAND CASES OF SMALLPOX

Were Prevalent in Ohio
During the Past
Twelve Months

STATE HEALTH REPORT

Interesting Statistics Filed With
Governor Harris and Recommendations Made.

Columbus, O., April 10.—The state board of health has submitted its annual report to Governor Harris. During the year there were reported 1018 cases of smallpox but only two deaths. The disease was present in 99 towns in 42 different counties. The board advocates a modification of quarantine in smallpox. For persons who have been exposed a quarantine of observation is advised.

The report says that the year has been a successful one as regards public health work. Sanitary conditions have been improved; much sickness has been prevented, and it is believed many lives have been saved. The board regrets the lack of proper vital statistics and says attention has been frequently called to the lack in that regard.

Plans for water supplies were acted upon for Cadiz, Camp Perry, Ironton, Jefferson, Sandusky, Wilmington and Wooster. The report states that Ohio now has 69 cities (the entire number) and 70 villages making use of public supplies. One city, Cincinnati, and five villages have been added to the list of those supplied with filtered water. This gives at the close of the year 1907 a total population of 492,400 using filtered water.

Plans for new systems of sewerage, including sewage purification works, or storm water drains and sewerage improvements involving new outfalls, were presented by the following places: Cambridge, Chagrin Falls, College Hill (Methodist Home), Dayton, Eaton, Grandview, Kent, Lebanon, Leipsic, Milan, Milford, Nelsonville, Niles, New Philadelphia, Orrville, Piqua, Put-in-Bay, Sebring, St. Marys, Scioto, Steubenville, Sylvania, Toledo, West Milton, Zanesville, Akron, the Girls' Industrial Home (Delaware), Lakewood, Medina, Oberlin and Wadsworth.

Attention is called to the increase in the work done in the laboratory. This was especially marked in the number of examinations made for physicians to aid them in making a correct diagnosis in doubtful but suspected cases of contagion or infectious disease. There were 1170 tubercular sputum examinations; 468 examinations for diphtheria; 128 for typhoid fever; 1184 water examinations; 35 for rabies and 94 miscellaneous.

A board is given of the work of the board in tuberculosis which began in 1894, which has led to the building of the state sanatorium at Mt. Vernon and the passage of the recent act of hospitals for tuberculosis in each county.

DISAGREEMENT

Reported by Joint Conference Com-
mittee of Initiative and Refer-
endum Today.

Columbus, O., April 10.—Hopelessly divided, the joint conference committee on the initiative and referendum resolution today decided to report a disagreement. Three House members, Little, Shuler and Stephenson insisted on House amendments. Senate conferees, Howe, Hafner and Duval were willing to make some slight concessions, but would not stand for the House amendments as an entirety.

SENATE COMMITTEE

Reports Bronson Primary Election
Bill Today—County Primaries
Mandatory.

Columbus, O., April 10.—The Senate committee on elections reported the Bronson primary election bill on Friday. As amended it makes county primaries mandatory, except that of Common Pleas Judge and of the General Assembly, where three are to be elected from the same district, are to be nominated at a delegate convention. County committees may require primaries for the selection of state convention delegates. The bill is a combination of the Huffman and Bronson bills.

LIVED IN THREE CENTURIES VIGOROUS AND STRONG AT 108

MRS. MARY WILKINS, 108 years old.

Thousands of letters like Mrs. Wilkins' are received from grateful men and women who cannot say too much in praise of Duffy's Pure Malt Whiskey for the benefit derived from its use.

Duffy's Pure Malt Whiskey

is an absolutely pure distillation of malted grain; great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of a malt essence, which is the most effective tonic stimulant and invigorator known to science; softened by warmth and moisture its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach.

It is invaluable for overworked men, delicate women and sickly children. It strengthens and sustains the system; is a promoter of health and longevity; makes the old young and keeps the young strong.

CAUTION.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It is the only absolutely pure medicinal malt whiskey and is sold in sealed bottles only; never in bulk. Price \$1.00. Look for the trade-mark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Write Dr. R. Curran, Consulting Physician, for free copy illustrated medical booklet and free advice. Duffy Malt Whiskey Co., Rochester, N. Y.

FOR SMALL KITCHENS.

Practical Furnishings That Affect Comfort of the Entire House.

The condition of the kitchen may affect the comfort of an entire house, for if cook is not good tempered the family is apt to know it by the dishes she sends to the table. For this reason if for no other it is the part of policy to make the woman's workroom as convenient and attractive as possible, and much may be done with the pantry.

Shelves covered with rubber cloth not only look well, but are more easily kept clean than if bare or covered with paper. The cloth can be wiped over with a damp rag and made perfectly fresh, whereas wood requires the use of soap and more thorough drying. Paper rumples and turns to allow dust or crumbs to get beneath.

Whatever is decided upon should be so cut as to hang over the front shaped into scallops. This is a pretty finish and also prevents the stuff turning up to become a dust trap.

A tack at each corner, front and back, is sufficient to hold and should not be driven in as far as the head, for it is then more difficult to pull when the time arrives to remove the covering.

Vegetables, such as potatoes, onions and the like, frequently kept in a kitchen pantry are apt to attract bugs if

not carefully looked after. The nest receptacles for such eatables are galvanized iron pails, which will not warp or fall apart and from which the dirt is easily washed. The objection to having vegetables cleaned when they come into the house is that water will often cause them to decay before they can be used.

If, as is the case in some summer houses, there is no pantry, more effort will be required to make shelves in the kitchen look well and be neat. Old window shades will do both of these. To accomplish this cut the roll from a curtain and measure it the length of the shelves.

Fasten the brackets to the shelf so that a white curtain tacked to the roller will hang close at either side and overlap it about one inch. Fasten a ring to the slit in the hem of the curtain to pull it down and raise by, and you will be surprised to see how long you can keep it clean and how nice it will look.

If you want the cupboard dark to help in keeping out flies, use a dark colored curtain outside of the white one and tacked with it to the shelf and roller. This makes a very neat little cupboard and is easily kept clean, as the white curtains only require to be soaked a few hours in warm suds and then boiled, rinsed, dried, pressed and returned to the shelves clean.

If the shelves and the walls behind them are painted white the paper may

be dispensed with, and the care of the cupboard will be much less, as the changing of paper is more bother than wiping off the shelves with a cloth wrung from suds.

Cretonne is sometimes used for the shelves and is very pretty for the purpose, especially if there is a small stand with a sewing basket or hook on it and an easy rocker with cushion of the cretonne near it. This is, of course, for the kitchen where there is plenty of room to sit in comfort, an unusual thing these days.

TREATMENT OF BITES.

How to Handle Stings of Insects and Snakes in Emergency Cases.

Spider, tarantula, scorpion and centipede bites and stings are not usually fatal in temperate climates unless in the case of children or if the bite or sting is near the throat. They often cause severe symptoms, but free perspiration by a hot bath and the drinking of hot water will give relief, says the Brooklyn Eagle. To keep the swelling down cover the bitten part with fomentation cloths wrung out of hot water that contains soda. Give a saline injection to free the alimentary canal, a mild cathartic and give plenty of fruit juices to drink.

For the bite of a poisonous serpent, a dog, cat, rat bite or any other infected bite put a ligature around the limb between the heart and the wound, draw it tight and immerse the wound in hot soapsuds made with carbolic soap or soda. Then open the wound and squeeze it under the water, so as to encourage free bleeding. Do not suck it with the mouth, as is so frequently directed. A dry, warm glass inverted over the wound for a short time will often help by keeping up the bleeding and washing out the venom or virus. If it is several hours before the physician arrives, as is often the case in the country, it may be needful to loosen the ligature every half hour for a short time, keeping up free perspiration by a warm bath, or, in snake bites, especially active exercise.

How to Prevent Potato Scab.

Recent investigation has shown that potato scab is a fungous disease and that the fungus may exist in the soil or on the seed. Soils containing large quantities of manure are particularly likely to produce scabby tubers; hence only commercial fertilizers should be used for a potato crop, says the St. Louis Post-Dispatch. Seed potatoes that appear to be free from scab may be laden with spores of the scab fungus. Both scab and spores are destroyed by soaking seed two hours in a solution of eight ounces of formalin in fifteen gallons of water shortly before planting. Where a large amount of seed is to be treated a large vat holding several bushels is best for this purpose. Another convenient method is to use a barrel with one head knocked out. Place the potatoes in a bag and lower into the formalin solution by means of a rope and pulley secured above the barrel. When soaked long enough, pull up and allow potatoes to drain, preventing waste of solution. Do not place treated seed with untreated or in crates where untreated potatoes have been, as contamination will likely result.

NEWARK PLANT GETS BIG ORDER

Largest Office Building in New York Supplied With Ten Thousand Reflectors.

Ten thousand Holophane reflectors have just been ordered for the largest office buildings in the world, the Church street terminal buildings, in New York.

This, the largest office building ever erected, has placed the largest single order for Holophane ever signed, calling for 10,000 pieces, all to be supplied in the new light enamel finish.

The importance of this order from its size is noteworthy, but when it is known that the engineers in charge made their selection only after the most exhaustive tests of all available lighting units, the order becomes tantamount to their endorsement of Holophane as the most artistic and economical reflector available.

The Church street terminals, or the Hudson terminals are a part of the huge subway and transportation system conceived by W. J. McAdoo, whose success has electrified the country. Some of the statistics of the building are truly startling. There are almost 900,000 square feet of floor space, 39 elevators and 5,000 windows. The foundation is a cofferdam with walls eight feet thick reaching down 75 feet to bedrock.

This order will require 258 barrels for shipment, or two full cars. If the 10,000 reflectors were laid out on a floor they would require not less than 2700 square feet of space.

Not everybody knows that every bit of Holophane ware which is so widely advertised and sold in every state in the Union, and abroad also, is made in Newark at the A. H. Heisey & Company factory. Heisey table glassware, by the way, famous for its color and finish is known throughout the world, the well known trade mark, "H" being as familiar to large dealers in Tokio and in European centers as in New York and San Francisco.

UNION

Rules Applied to Baseball—Legal Game Eight Innings—Three Errors a Game.

The protests of labor unions against retaining a player in a New England league team because he played the tuba in a non-union skating rink last winter led to the following suggestions for applying union principles to the national game:

1. All batting averages shall be standardized at .250. Any player making more than one safe hit out of four chances will forfeit his card for one week. Any player hitting over .300 may be expelled. All batters in good standing are required, under the same penalty, to allow poor batters to make the same average.

2. Three errors shall be allowed to every player per game, to be used in whatever inning he may choose.

3. All hits for more than one base to be charged as overtime.

4. Whenever there are three men on bases, each infielder shall be entitled to a helper.

5. A base runner, when sliding, may require the baseman to show a union card before touching him out.

6. A legal game shall consist of 8 innings.

We know a few things about boys' school clothes. Come in and see if we don't.

wid9-2t THE GREAT WESTERN.

The Difference.

A goose eats corn and grows feathers. A horse eats corn and grows hair. A coon eats corn and grows fur. A cow eats corn and grows milk. A hog eats corn and grows fat. A sheep eats corn and grows wool. A man eats corn and grows tired of it, and that's all he does grow.

Scientific Loafing.

"Chess, checkers and whist are marvelous inventions," says the philosopher of folly. "They enable a man to waste his time and still have the feeling that he is accomplishing something intellectual."

Love's Bromides.

I know I'm not the only girl you ever loved. But don't tell me about the others.

BURGLARS

Attempt an Entrance Into Eleventh Street Grocery—Frightened Away by Policeman.

Burglars attempted to force an entrance into the grocery of Theresa Doyle, 140 Eleventh street, Thursday night. When the proprietor started to enter the store Friday morning, four large auger holes were found drilled around the lock. The bolt held however, and the thieves were probably frightened away.

As the grocery is located just north of Church street and near the patrol box, the thieves probably kept watch on the officer, and were forced to leave. Another hole was found drilled in the rear door, but as this door is a double one they were unable to force the three bolts that held it. There is no clue.

OBITUARY

LEWIS CARTNAL.

Mr. Lewis Cartnal, the aged father of Mrs. J. M. Farmer of this city, died at his home near Cottage Hill, Muskingum county, Friday morning about 4 o'clock, after an illness of some time, with diseases incident to advanced age, he being 81 years old at the time of his death. He was one of the oldest citizens of Muskingum county, and had lived in that county all his life. His wife died about three years ago. He is survived by four daughters and two sons, being Mrs. C. L. Rutler of Frazeeburg, Mrs. W. H. Weakley of Toboso, Mrs. C. E. McCracken of Toboso and Mrs. J. M. Farmer of Newark, and Jesse Cartnal of Hanover, and M. L. Cartnal of Toboso. The deceased was an Old School Baptist, and the funeral will take place from the Beulah church at Cottage Hill Sunday morning at 11 o'clock, and the interment will be made in the adjoining cemetery.

C. M. BARRICK'S FUNERAL.

The funeral services over the remains of the late C. M. Barick will be held at 9:30 Saturday morning at the Hanover M. E. church. Burial will take place in the Hanover cemetery.

ANNOUNCEMENTS OF CANDIDATES

On Wednesday, April 22, the Advocate will begin the announcement of names of candidates for the Democratic nominations for the several county offices to be elected this fall. The charge for the announcement in both the Daily and Weekly publications will be the usual price of \$2.00, payable in advance.

EMPLOYERS' LIABILITY BILL PASSES CONGRESS

The fight made by John Sharp Williams, the Democratic leader of the House, has had good effect. He forced the Republicans to pass the Employers' Liability bill, which measure was championed by Roosevelt. The Republican leaders tried to smother it in committee, but Williams' filibustering tactics forced them to allow it to come to a vote, which resulted in its passage by 300 yeas to 1 nay. The bill was a response to the demands of organized labor, especially the great brotherhood of railway employees. The Senate passed the bill on Thursday without amendment.

Senator Foraker's undying sympathy for the "man and brother" is beginning to bear fruits in the hostility of the colored Republicans to the nomination of Secretary Taft.

When Governor Johnson, of Minnesota, wrote that he was willing to be considered a candidate for the presidential nomination he gently added that he did not enter the lists in any sense for the purpose of defeating Mr. Bryan, but just because many of his friends wanted a chance to support him as a champion of the great issues for which he stands.

The statement of Senator Hale, in his speech protesting against the size of the army appropriation bill, "that 70 per cent. of the revenues of the government are expended in paying the cost of present, past and future war," is calculated to arrest public attention. It is pregnant with significance. Facing an almost certain deficit and staggering under the weight of the late financial collapse, the nation is to be saddled with the cost of a great standing army of 125,000 men and of an augmented navy, second in offensive power only to that of Great Britain. Of course this gunpowder program, if adopted, will make it impossible to improve our inland waterways or to undertake other schemes of admitted necessity and utility requiring governmental aid.

Take Hood's Sarsaparilla
To purify, vitalize and enrich your blood, create an appetite and give you strength. Liquid or tablets, 100 Doses One Dollar.

An army once organized becomes a permanent addition to the sum of national expenditure. Battleships roon go to the scrap heap, and the cost of repairs and maintenance while they are afloat, floats up a frightful annual aggregate.

If you haven't the time to exercise regularly, Doan's Rheumatics will prevent constipation. They induce a mild, easy, healthful action of the bowels without griping. Ask your druggist for Doan's.

We're haters as much as if we sold hats only. The spring blocks are ready and we're at your service with the best of hats at moderate prices.

MORE ANTI-LIQUOR LEGISLATION

Columbus, April 10.—Mutual concessions marked the passage of the starch and seizure act relating to "dry" territory, which was advocated by the Anti-Saloon League. Representative Elijah W. Hill of Columbiana, while insisting that he was a temperance man, made a long address against the suppression of social clubs, asserting that this would work a grievous hardship upon innocent people. Under the present law the person convicted of violating the "dry" law has only 30 days in which to appeal to the Circuit court. If this body is not in session he is without remedy.

The Woods bill provides that the appeal shall be carried over until the court resumes its session, when the petition must be passed upon within 10 days. It also provides that the City Council may distribute the fines collected in municipal courts in such manner as it sees fit. Money collected in county courts goes into the county treasury.

Through an amendment offered by Representative Huey of Youngstown, it was provided that persons signing local option petitions must sign their addresses as well as their names. This concession was refused by the "wet" in the fight on the county local option bill. A second amendment limiting to six months the time in which to prepare a petition was defeated. In addition to the features named the new bill provides that all the costs arising from searching and seizing must be taxed in the case involving the arrest of the violator of the law. All C. O. D. shipments of liquor into dry territory are to be regarded as sales at the point of destination. All clubs, societies or other combinations of individuals where liquor is kept as a beverage for the use of individual members are to be regarded as places where liquor are sold in violation of the local option law.

Health Brew is infinitely superior to and costs no more than ordinary beer. It is the ideal beer for family use, because of its purity and pleasing flavor. May we deliver a case to-day? Use either phone. The Consumers' Brewing Co. 7-5t

ORATORY AT DENISON

MEMBERS OF SENIOR CLASS CONTEST FOR HONORS THURS. DAY NIGHT.

Tonight Doane Academy and Wooster Will Debate—Judges From This City.

Granville, O., April 10.—The members of the Senior class of Denison university contested for oratorical honors in Recital hall, Granville, on Thursday night, and it was the general opinion that the young men who participated were all well up in the art of oratory. There were four competing orators upon the subject of The Foundation of Our Prosperity. The Negro Question, and The Unknown Quantity in Human Life. There were two sets of judges, one on composition, who had performed their duties previous to Thursday night, and three judges on delivery, being Hon. Edward Kibler and Judge J. D. Jones of Newark, and the Rev. Mr. Miller of this place. The judges gave the first prize to Mr. Lloyd and the second to Mr. McArthur.

Another contest will be had this evening being a debate between Doane academy of Denison university, and the preparatory department of Wooster. The parties have agreed on Hon. Edward Kibler and A. A. Stasel as judges, both of whom are graduates of Wooster university.

A Thought.
I am coming to believe that there is work for everybody somewhere. It may not be the work we want, and it may not be the place in which we desire to stay, but it will supply creature comforts, and that is a great deal, says Home Chat. Most of us have to do unpleasant things, from time to time, but it is quite possible to do them cheerfully.

The new telephone exchange recently installed at Johannesburg will accommodate 24,000 lines. There are now about 6,500 entering the building.

ORDINANCE NO. 1879.

To issue bonds to borrow money in anticipation of the collection of special assessments to pay for the improvement of High Street from North Fourth Street to the first alley west of Pearl Street, by paving and curbing the roadway thereof.

Be it ordained by the Council of the City of Newark, State of Ohio, two-thirds of all the members elected thereto concurring:

Section 1 That it is deemed necessary by the Council of the City of Newark, State of Ohio, to issue and sell bonds of said City in sum of \$1025.00 for the purpose of paying the cost and expense of improving High Street from North Fourth Street to the first alley west of Pearl Street, by paving and curbing the roadway thereof, and in anticipation of the collection of the special assessments to be levied to pay for said improvement, and by virtue of Sections 2702, 2706, 2707, of the Revised Statutes of the State of Ohio, and Sections 37 and 95 of an act of the General Assembly of the State of Ohio, entitled "An act to provide for the organization of cities and incorporated villages and to restrict their power of taxation, assessment, borrowing money, contracting debts, and loaning their credit so as to prevent abuse of such powers, as required by the constitution of Ohio, and to repeal all sections of the Revised Statutes inconsistent herewith," passed April 22nd, 1902, there shall be issued ten coupon bonds, numbered consecutively from one to ten, in the aggregate amount of \$1025.00, bearing date April 1st, 1908, and payable at the office of the Sinking Fund Trustees of the City of Newark, State of Ohio.

Section 2 Said bonds shall mature and become due and payable as follows:

No 1 shall mature and become due April 1st, 1913, and be for the sum of \$250.00.

No 2 shall mature and become due April 1st, 1913, and be for the sum of \$250.00.

Said bonds shall draw interest at the rate of 5 per cent per annum, payable semi-annually upon the first days of October and April each year, for which purpose proper interest coupons shall be annexed to and made a part of said bonds at par and accrued interest thereon shall be deposited in the city treasury to the credit of the High Street Paving Fund, and shall be applied to the proper vouchers for the purpose of paying the cost and expense of said improvement and for no other purpose, and the premium and accrued interest received from said sale shall be transferred to the Trustees of the Sinking Fund to be applied by them in the manner provided by law.

Section 3 Said bonds shall at first be offered at par and accrued interest to the trustees of the sinking fund in their official capacity, and if the sinking fund trustees refuse to take any or all of said bonds at par or accrued interest, then said bonds not so taken shall be offered at public sale and sold in the manner provided by law, but not for less than their par value and accrued interest.

Section 4 The proceeds from the sale of said bonds, except premium and accrued interest, shall be deposited in the city treasury to the credit of the High Street Paving Fund, and shall be applied to the proper vouchers for the purpose of paying the cost and expense of said improvement and for no other purpose, and the premium and accrued interest received from said sale shall be transferred to the Trustees of the Sinking Fund to be applied by them in the manner provided by law.

Section 5 This ordinance shall be in force and take effect from and after the earliest period allowed by law.

Passed April 6, 1908.

HARRY ROSSELL,
President of Council.

Approved by the Mayor this 7th day of April, 1908.

ORDINANCE NO. 1880.

To issue bonds to borrow money in anticipation of the collection of special assessments to pay for the improvement of Andover Street, from Cedar Street to Penney Avenue, by constructing a twelve-inch tile sanitary drainage sewer therein.

Be it ordained by the Council of the City of Newark, State of Ohio, two-thirds of all the members elected thereto concurring:

That it is deemed necessary by the Council of the City of Newark, State of Ohio, to issue and sell bonds of said City in the sum of \$216.00, for the purpose of paying the cost and expense of improving Andover Street from Cedar Street to Penney Avenue, by constructing a twelve-inch tile sanitary drainage sewer therein, and in anticipation of the collection of the special assessments to be levied to pay for said improvement, and by virtue of Sections 2702, 2706, 2707, of the Revised Statutes of the State of Ohio, and Sections 37 and 95 of an act of the General Assembly of the State of Ohio, entitled "An act to provide for the organization of cities and incorporated villages and to restrict their power of taxation, assessment, borrowing money, contracting debts, and loaning their credit so as to prevent abuse of such powers, as required by the constitution of Ohio, and to repeal all sections of the Revised Statutes inconsistent herewith," passed October 22, 1902, there shall be issued one coupon bond numbered one in the aggregate amount of \$216.00, bearing date April 1st, 1908, and payable at the office of the Sinking Fund Trustees of the City of Newark, State of Ohio.

Section 2 Said bond shall mature and become due, and payable as follows:

No 1 shall mature and become due April 1st, 1911, and be for the sum of \$216.00.

Said bond shall draw interest at the rate of 5 per cent per annum, payable semi-annually upon the first days of October and April each year, for which purpose proper interest coupons shall be annexed to and made a part of said bond at par and accrued interest thereon shall be deposited in the city treasury to the credit of the Andover Street Paving Fund, and shall be applied to the proper vouchers for the purpose of paying the cost and expense of said improvement and for no other purpose, and the premium and accrued interest received from said sale shall be transferred to the Trustees of the Sinking Fund to be applied by them in the manner provided by law.

Section 3 This ordinance shall be in force and take effect from and after the earliest period allowed by law.

Passed April 6, 1908.

HARRY ROSSELL,
President of Council.

ORDINANCE NO. 1883.

To issue bonds to borrow money in anticipation of the collection of special assessments to pay for the improvement of Eddy Street from Granville Street to Hoover Street by paving and curbing the roadway thereof.

Be it ordained by the Council of the City of Newark, State of Ohio, two-thirds of all the members elected thereto concurring:

Section 1 That it is deemed necessary by the Council of the City of Newark, State of Ohio, to issue and sell bonds of said City in the sum of \$320.00 for the purpose of paying the cost and expense of improving Eddy Street from Granville Street to Hoover Street by paving and curbing the roadway thereof, and in anticipation of the collection of the special assessments to be levied to pay for said improvement, and by virtue of Sections 2702, 2706, 2707, of the Revised Statutes of the State of Ohio, and Sections 37 and 95 of an act of the General Assembly of the State of Ohio, entitled "An act to provide for the organization of cities and incorporated villages and to restrict their power of taxation, assessment, borrowing money, contracting debts, and loaning their credit so as to prevent abuse of such powers, as required by the Constitution of Ohio, and to repeal all sections of the Revised Statutes inconsistent herewith," passed October 22, 1902, there shall be issued ten coupon bonds, numbered consecutively from one to ten, in the aggregate amount of \$320.00, bearing date April 1st, 1908, and payable at the office of the Sinking Fund Trustees of the City of Newark, State of Ohio.

Said bonds shall mature and become due and payable as follows:

No 1 shall mature and become due April 1st, 1913, and be for the sum of \$50.00.

No 2 shall mature and become due April 1st, 1913, and be for the sum of \$50.00.

No 3 shall mature and become due April 1st, 1913, and be for the sum of \$50.00.

No 4 shall mature and become due April 1st, 1913, and be for the sum of \$50.00.

No 5 shall mature and become due April 1st, 1913, and be for the sum of \$50.00.

No 6 shall mature and become due April 1st, 1913, and be for the sum of \$50.00.

No 7 shall mature and become due April 1st, 1913, and be for the sum of \$50.00.

No 8 shall mature and become due April 1st, 1913, and be for the sum of \$50.00.

No 9 shall mature and become due April 1st, 1913, and be for the sum of \$50.00.

No 10 shall mature and become due April 1st, 1913, and be for the sum of \$50.00.

Said bonds shall draw interest at the rate of 5 per cent per annum, payable semi-annually upon the first days of October and April each year, for which purpose proper interest coupons shall be annexed to and made a part of said bonds at par and accrued interest thereon shall be deposited in the city treasury to the credit of the Eddy Street Paving Fund, and shall be applied to the proper vouchers for the purpose of paying the cost and expense of said improvement and for no other purpose, and the premium and accrued interest received from said sale shall be transferred to the Trustees of the Sinking Fund to be applied by them in the manner provided by law.

Sewer Fund, and shall be disbursed upon the proper vouchers for the purpose of paying the cost and expense of said improvement, and for no other purpose, and the premium and accrued interest received from said sale shall be transferred to the Trustees of the Sinking Fund to be applied by them in the manner provided by law.

Section 7 This ordinance shall be in force and take effect from and after the earliest period allowed by law.

Passed April 6, 1908.

FUNNY CASE

COUNTRY TAVERN KEEPER PAYS \$50 TO GET Y. M. C. A. BAR PRIVILEGE.

Was Handed the Lemon by a Young Man Who Was in Mountains for His Health.

New York, April 10.—"I'm ready to open my bar," said the keeper of the West Side Y. M. C. A. on West 57th street, as he deposited an imitation leather suit case by the desk of the reception secretary.

"Open up what?" asked the secretary.

"My name's Smith, and I bought it," was the answer.

"Bought it?"

"Sure thing you know. I bought it from a fellow named Richard Brown, who used to have it and had to give it up for his health. Met him up in the mountains."

"Bought what? I don't know what you're driving at."

"Why, the bar privilege at this club."

"The bar privilege of the Y. M. C. A.? You're crazy."

"Not much, young fellow. I gave him \$50 for the privilege at this club. This is 320 West 57th street, isn't it?"

"Yes, but—"

"Here's the paper," and the visitor brought out a bill of sale for the saloon fixtures and good will in the building at 320 West 57th street.

"Don't you know what this place is?" asked the secretary. "It's the West Side Y. M. C. A."

"Sure thing, the West Side Young Men's Choultry Association."

"Choultry? Why, man, it's the Young Men's Christian Association and there never has and never will be a drop of liquor near the place. You've been swindled."

Further questions revealed that the claimant of the bar privilege had been the keeper of a small country tavern in the northern part of the state and had been sold this latest form of gold brick by a stranger who was posing as a consumptive.

WALK-OVER TANS.
This season's styles in Walk-Over tan oxfords are absolutely correct in every detail. See our show windows for the new shades. Walk-Over Boot Shop.

THIEVES

Busy Stealing Bicycles and Police Have Many Reports of Lost Property.

Bicycle thieves are busy in Newark just now and almost daily reports are made to the police of stolen wheels. In most cases the property is recovered, though sometimes it fails to turn up. The two latest cases are: Secretary R. W. Schuman reports that a maroon colored wheel of his was stolen and he asks police assistance in recovering it.

Last night while George Tabler, a clerk at the Rutledge Bros. clothing store, was at work, his bicycle, a Hubert, was stolen from in front of the store. The police have been notified and are on the lookout for his property.

Our men's suits come to us direct from the shops of the world's best makers of men's clothes. Ask to see our \$15, \$18 and \$20 suits. w1d9-2t THE GREAT WESTERN.

Headache and Cold Feet.
Often it is found that a chronic sufferer from headache also complains of cold feet. This shows bad circulation and it should be strengthened. A simple and helpful remedy is to bathe the feet in cold water night and morning and rub briskly with a flesh brush or Turkish towel.

ODD CASE OF SOMNAMBULISM

Sleeping Girl Read and Wrote in the Dark—Studied Harmony.

The particulars of an extraordinary case of somnambulism were recently communicated to an English medical journal by Dr. James Russell, assistant physician at the Birmingham hospital. He says that a girl twenty-one years old, who is a teacher of the type-writer and a student of music, entered the hospital to be cured of sleepwalking. While under observation there she habitually left her bed after three or four hours' sleep and bustled herself in various ways, including descending into the music room and playing the piano, tuning a violin and fitting new strings to it and crocheting.

Her most remarkable feats, however, were reading and writing in the dark. If there was even a faint artificial light in the room she would avoid it and go to the darkest corner, where she would read various books, study the theory of harmony and write letters. One of her letters was addressed to her music teacher. It contained a short essay on "The Sonata Form," which was accurate in sense and construction. Another letter she wrote was in German.

When she was awake she did not in the least remember writing or reading. An examination of her eyes did not reveal the reason for her being able to see in the dark. She has now left the hospital, her condition having improved, but she occasionally walks in her sleep still.

INSANE TAILOR

SETS NEW AKRON JAIL ON FIRE AND IS BADLY INJURED AS A RESULT.

Is Overcome, Tied and Taken to the Hospital Where He Will Probably Die.

Akron, O., April 10.—Joseph Personlan, an insane tailor, confined in a padded cell in the new county jail, this morning set fire to his cell and was fatally injured before the fire was extinguished. Sheriff Stein and two deputies were seriously burned in trying to rescue Personlan and save the jail. Four other prisoners were overcome by smoke and the jailer was about to release 21 other prisoners when the fire was controlled. Sheriff Stein and deputies finally overcame the maniac, tied him and sent him to the hospital where he is dying.

TIGHTENING

IS THE NET AROUND EMERY H. PURINTON, ALLEGED SWINDLER AND BOOK AGENT.

TWO MORE AFFIDAVITS

Filed Against Him This Morning—His "Office" in Philadelphia a Vacant Lot.

The net seems to be slowly tightening around Emery H. Purinton, the book agent who has already appointed seven district managers for Newark alone, and who several of the agents think, is a swindler pure and simple. As was told at length in the Advocate Thursday, the plan of Purinton was to advertise for a district manager, and when the replies would come rolling in he called on the different people and promised each of them the exclusive territory, and their salaries ranged from \$52 to \$75 a month.

W. H. Smith, 202 Cedar street, filed the affidavit against him in police court and through his attorneys Horner & Russell, Purinton pleaded not guilty. His bond was fixed at \$100 and his hearing continued until this morning. Unable to furnish the necessary amount he spent the intervening hours behind the walls of the city prison.

When the report of the arrest of Purinton was published in the local papers and an account given of how he worked his scheme, several more people, victims of Purinton's ideas of high finance, went to the police headquarters and gave their version of the affair. In each case they were required to furnish \$10 as security. The last ones to report to the police were: Florence M. Herschberger, 328 West Church street, Stacy Hart, 29 Buena Vista street, Bertha S. Galbraith, 42 Allen street, and Joanna M. Brown, 19 Columbia street.

The accusers were all in police court this morning and Misses Galbraith and Brown both filed affidavits against the prisoner. The mayor carefully considered the case and finally bound Purinton over to the Probate court on three counts, fixing his bond at \$100 a count.

Chief of Police Zergiebel was convinced that his prisoner was a swindler, pure and simple, but to clinch his theory he wired to the chief of police at Philadelphia, asking them to look up the Emery H. or the M. B. Purinton book house, at 134 and 136 Mannheim street. The reply came late last night:

"There is no M. B. Purinton book firm at 134 Mannheim street. It is the residence of Emery H. Turinton No. 136 is a vacant lot. Signed: T. O'Leary, Asst. Supt. Police."

While the man under arrest gives his name as Purinton, the name given in the telegram from Philadelphia gives the name Turinton. As the man under arrest may not be able to furnish bond he will be sent to the county jail.

After reading the account of the swindler's doings in last night's Advocate, two traveling men who are stopping in the city, went down to the city prison and claimed to recognize the prisoner as the same man who was working his game in the state of Pennsylvania two years ago. They said at that time he was getting \$3 a person instead of the \$10 he had been getting here.

HARRIMAN'S WORLD EMPIRE OF RAILWAY

Chicago, April 10.—Acquisition of the control of the Erie railroad by E. H. Harriman and his associates, announced to have occurred in the refunding of interest notes of that line yesterday, is accepted by Chicago magnates as the evidence of Harriman's consummation of the first part of his plan to build a world empire of railways. Harriman's Chicago associates confirm a report to the effect that the Vanderbilt, Goelet, Astor and Standard Oil interests in New York and Illinois, capitalists represented by John J. Mitchell, are marshalled under the Harriman banner for the purpose of gaining control of an American railway system and acquiring as much interest as possible in the trans-Siberian road, being completed by the Russian government. This connection of continental lines with European steamships controlled by J. P. Morgan and his associates, and the Seattle-Japanese steamships owned by Harriman, will establish a belt line around the world.

EVERY MAN HAS MADE GOOD IN MOLDER TOWN.

MOLDERS

Fail to Appreciate Country Life and Are Moved to Town—Fast Practice Thursday.

Watching the festive birds and listening to the noises at night, fail to interest the recruits any longer, so when they thought they would rather be lulled to sleep by horses' hoofs on the pavement and the rattling of the cars, instead of the soft night noises supposed to be found only in the country, Manager Berryhill brought them into town and they are now quartered over Kuster's restaurant. They will also feed at the Kuster cafe from now on.

Idlewild may be all right in summer when the weather is dry, but just at this time, when the chief sport of the weather man consists in dumping oceans of water onto the bosom of Mother Earth, the country fails to charm the ball tossers and they would rather walk where there are sidewalks. So loaded down with suitcases and other personal property, the team returned to Newark yesterday.

A nice practice was indulged in Thursday afternoon and with Berryhill acting as umpire to get a line on the pitchers, the squad lined up for a little game. The twirlers all worked well and the manager was well pleased with their showing, though he wouldn't let them show what they could do in the speed line. The infielders and the gardeners all worked hard and the fans who saw the work-out were well pleased.

If the weather permits they will get another workout this afternoon in preparation for the game with the Toledo Mud Hens tomorrow. Sunday will find a big crowd at the park providing the rain supply in the cloud is exhausted. Next week four contests will be tried with the Zanesville infants.

Just a week from next Thursday then the regular season opens with the Lancaster squad here for three days. Following Lancaster the Mansfield Convicts will face the Berryhill aggregation, and as McVey has a good bunch together, the games will be fast and close. Newark will then take the road until May 5, when the

Molders return for nine days. During the nine days the Marion, Lima and Springfield clubs will prove the attraction.

SHORT NEWS FROM OVER THE CIRCUIT

Looks very much as though there would be some good base ball in some towns outside the big league this summer.

Bud Scanlan has reported to the Lancaster management. Bud is in good shape and is mighty willing for the season to open.

In order to give his patrons the best possible view of the game, Manager Clarke has had the grand stand at Lima park moved thirty feet nearer the diamond.

The grounds at Lancaster are in bad shape and Manager Fox takes the squad to the Boys' Industrial school so they can use the skinned diamond.

Practice all over the circuit has been delayed by the bad weather. A Lima paper advises the fans to pray for fair, warm weather. The same thing might be advised for Newark.

The Marion Mirror says: Unless all of the dope is bad, Marion will have a team of sluggers this year and almost every man, even down to the pitchers, will be a good consistent hitter.

Fred Heller, the chubby Lancaster outfielder, who like Patti has retired from the game several times, only to get on the band wagon the following season, was in Lancaster, Wednesday, flirting with the Lank management.

The Marion base ball company has elected the following officers and directors: President, Oswald Wollenwebber; vice president, George Frank; treasurer, Martin J. Burke; secretary, T. R. Allen; directors, Messrs. Wollenwebber, Frank, Stalger, Burke, Allen, Rapp, Whysall, Reiterer, Comer, Foster, McNeal, Evans and Allen. Manager O'Dey will have full charge of his men both off and on the field.

Manager Clark has decided that the Oxfords must be hitters. He says: A brilliant fielder will be discounted for a good hitter. The men "Roaring Bill" wants are men that can get to first and help other players move up a notch.

The Mansfield Convicts defeated the Cleveland "All Star" team Thursday by the score of 12 to 1.

TEN PIN BOWLERS.

THE FAY MILL.

Manager Hogan of Zanesville has purchased First Baseman McDowell from Scranton of the New York State League. He also signed Pitcher Doty from Tecumseh of the Michigan League and Catcher Popham of Mt. Vernon.

Pitcher Chech of the Cleveland has developed a slow spittall. The leather is gripped with the second and third fingers on the top and the other two below, the top fingers being wetted.

Pitcher Willett drew \$500 every big league game he pitched for Detroit last season. He received \$2,400 and pitched three games.

Over 25,000 people saw the St. Louis Cardinals and Browns play Sunday, which makes it look as though interest in baseball is on the wane, what?

DREAD

Low Score Games Do Baseball Players—Nerve Racking Ordeals Hard for Men.

Ball players dread those 1 to 0, 2 to 1 games, that so delight the spectators. To them it is the hardest work they have to face; work that sends them to the club house after the game, so tired and worn out that they barely have energy enough to shiver through a shower and climb into their clothes.

The average fan is of the opinion that it's in those free hitting games where a player is forced to chase balls all over the lot, where he makes three or four long hits and scores several runs, the hard work comes in. He thinks by the time a player gets through a slugging match he has been in the hardest kind of a game.

After a close game, where but two or three players get to first, and probably only one makes the circuit of the bags, he notices the players coming from the field with slow steps after the last inning. He notices their air of languor, that they are not joking with each other and wonders why. He doesn't take into consideration the nervous strain they have been through. And it is this nervous strain that is more exhausting than anything else.

All through a close game the players are on a tension that is wearing on both mind and muscles. The pitcher knows that a misplaced curve, a pitch that's a little wild a balk or any little miscue will lose the game. Behind the bat, the catcher is worrying lest he let a ball get through him and that runner on third scores. The infielders realize that a slip-up or a wild throw to first will end the game, while the men in the gardens know well that a misjudged fly or a bad bounding hit that gets past them means the loss of the game.

At the bat all realize that a single here, a cleverly placed bunt there, or even an outfield fly will rout the enemy. They miss the first chance and worry over it. If they fail again they become more anxious. What a sigh of relief goes up from all when one more fortunate than the rest puts the ball against the fence in the ninth and wins the game 1 to 0. Probably not more than three or four reached first, they didn't have much physical labor to do, but were they worn out? Ask any ball player and find out what he has to say about it.

75 High Grade English Quality Bed Spreads 65c. Under Price

Friday morning we shall place on sale two cases of imported Bed Spreads of the satin-finish, closely woven, brocade patterns of the English make. We would never have bought so many of these imported spreads if they had not been under price. They are the quality we sell regularly at \$3.00 apiece. On account of the offer we bought the lot and offer them at \$2.35 apiece.

The C-B Corsets Exhibited This Week

These famous corsets attract the best class of trade. We believe they show a better quality of material than any other corset made in America. Every pair is exactly made and the care taken in their finish insures a perfect fitting corset. This season's styles have the hose supporters attached. Call and take a look.

This spring's shapes have the new features of high bust, dip hip and long back effects.

We unhesitatingly recommend the C-B Corset for its fine finish, handsome trimmings and comfortable fit.

See the new spring shapes in our north window.

The Sample

Stylish Spring Footwear

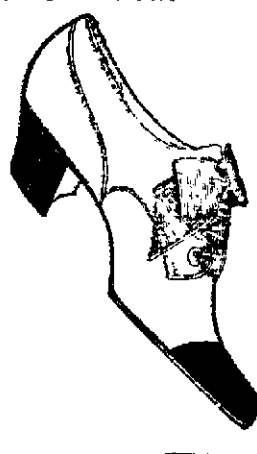

For the seasons at hand we are prepared to show the largest selections of Women's, Misses and Children's Shoes and Low Cuts we've ever had. Every pair in the immense stock is fashioned in the very newest and best styles and is the greatest value possible at the price. Of course the most important feature is our Women's Footwear, which ranges in price from \$2.00 to \$4.00 a pair. They are made of all leathers and many novelties are included in the assortment.

Special Attention Directed to Our \$3 Line

We call your attention to our super-excellent line of \$3.00 Low Cuts. All the newest creations are included at this price; they are in all shades of tan, also, patent and dull leathers.

Misses' and Children's Shoes in all styles and at very attractive prices.

ADDITIONAL INDICTMENTS

RETURNED BY THE GRAND JURY WHICH WERE MADE PUBLIC TODAY.

Joint Ditch Meeting on the \$50,000 Waterway—Petitions Filed, Real Estate Transfers, Etc.

The following additional indictments returned by the recent grand jury have been made public:

Cutting with intent to kill, Jessie Johnson.

Keeping gambling rooms, James Taylor, Thomas Wharton, Frank Bader, Robert White, Clarence Johnson, Charles Schaller, Edward Schaller, John Keefe, George Johnson, Earl Stewart, John Collins, Charles Slane, C. Martin, Thomas Egan, Cornelius Sullivan, Lee Beatty, James Fitzgerald, William Schlegel and Joseph Schlegel and Albert Fitzsimmons. Nearly all the parties indicted on the latter charge have furnished bond in the sum of \$200.

Motion Filed.

In the case of the Edward A. Denana company vs. the Ball-Fintze company, the defendant, by its attorney, F. M. Black, has filed a motion asking the court to require the plaintiff to furnish security for costs on the ground that plaintiff is a non-resident of the county.

Demurrer Filed.

In the case of Admiral Evans, a minor, by his next friend, Fred A. Boner, vs. the Metropolitan Life Insurance company, the defendant, by its attorney, John J. Adams, has filed a demurrer to the second and third replies of the plaintiff on the ground that they are insufficient in law on their face.

Amended Petition.

In the case of Charles D. Gill vs. Samuel C. Fink, C. H. Warden, L. R. Smith and G. A. Clifton, plaintiff has filed his third amended petition.

Transcript Filed.

A transcript from the criminal docket of Mayor Herbert Atherton in the case of the State of Ohio vs. Jessie Johnson, bound over to the grand jury in the sum of \$200 on a charge of cutting Mamie Cooper, with intent to kill, has been filed with the clerk of the court.

Joint Ditch Meeting.

The county commissioners and the county auditor met with the auditor of Fairfield county in the commissioners office at Lancaster on Friday in the matter of the joint county ditch petitioned for by J. G. Burch and others. The Licking county commissioners were accompanied by Deputy County Surveyor E. S. Jackson. This is the big \$50,000 ditch to be constructed jointly by Licking and Fairfield counties. In the last two years Licking county has built more ditches than in the 25 years previous.

In Common Pleas.

Centerburg Building and Loan Co. vs. Chas. W. George et al. an action in foreclosure; decree for \$1028.58 and interest from date of decree. Randolph: Hilliard.

Chas. C. Wells vs. Lemuel H. White, judgment of settlement, the parties adjusting the matter without trial. The suit was filed to enjoin the diversion of water that came from the Fountain school house near Onville. Norpell & Norpell, Kibler & Montgomery: Fitzgibbon.

Walter A. Alsford et al vs. T. & O. C. Railway company et al. leave given to file answer for B. & O. company. Stasel, Flory & Flory; Kibler & Montgomery.

B. F. Barnes vs. Dora E. Dushmer, administratrix, judgment of settlement. Smythe & Smythe; Fulton & Fulton.

Josephine Baker vs. Edward Baker, an action for divorce, judgment of dismissal for want of prosecution. Harry N. Bernheimer vs. Ohio Rail company, leaves given receiver to sell 40 tons of rails now on hand, to be sold at private sale. It was stated that if sold at this time, the sale will show quite an advantage to the trust. Black: Stasel.

Real Estate Transfers.

Lud V. Lake and wife to Homer E. Lake, 44 5/8 acres in Hartford township, \$1 and other considerations.

Homer E. Lake and wife to Lud V. Lake, 57 2/8 acres in Hartford township, \$1 and other considerations.

Consumers' "Health Brew" (the bottle beer of quality. You should try this new brand of beer. We deliver it to your house. Both phones. The Consumers' Brewing Co.

THE GRAND

New Moving Picture Vandeville Show Will Open on South Side Tomorrow.

The new grand moving picture vandeville theater which is being fitted in the rooms recently vacated by the Long department store, South Side, will doubtless be running full force Saturday. Messrs Wm. J. and Charles P. Ferry and George Huffer, local men, are the proprietors of the new place of amusement, which is presenting a bright, attractive front to the square.

The new theater has a seating capacity of 200, the automatic folding opera chairs being used. The color scheme is red, white and green. The sloping floor makes the rear seats acceptable and gives a clear view of the screen at the front, the slope being such that the steepest elevation is even with the highest row of seats.

Special precautions have been taken to prevent fire or fire panics. Exits are arranged at both front and rear of the theater, while the film boxes on the ceiling new picture machine are increased with fire-proof material.

An actual opera will be in charge of the machine and entertainment, colored and new film never before seen in Newark will make up the program.

"STAR BRAND SHOES ARE BETTER. STEPHAN'S DEPT. STORE.

DR. JOHN COLEMAN AT TRINITY THIS EVENING.

By good fortune, the services of the Rev. Dr. John Coleman brother of the late Bishop of Delaware, have been secured for this evening at Trinity church. Dr. Coleman was for several years in charge of the American church at Dresden, Saxony and afterwards lived for a number of years in England where he was actively engaged in English church work.

This evening he will give a popular address on "The Church of England" taking up in particular its organization, its work and various activities. The service will be held in the church, and will begin at 7:30.

Although the announcement has gone out that there will be no service this evening, yet the rector feels confident that this exceptional opportunity will be largely embraced. The English church is today a powerful factor in the Christian world, and the recent visit of its great bishop of London has turned a vast part of the attention of the American people to its consideration. That we have the opportunity of hearing about it from such a scholarly man as Dr. Coleman warrants everyone in making an especially strong effort to be present.

A TAX SEASON.

This is a tax season. It is now possible to buy in Newark the new styles and colors in Walk-Over oxfords the same time that they appear in Boston, New York, Paris and London. Walk-Over Boot Shop.

Orndorff 92.

Regular church services will be held
at the Methodist church Sunday
There will be preaching by the pastor
at 10 o'clock a. m., followed by a
thank offering service by the Wo-
man's Foreign Missionary society, ad-
dressed by Mrs. Carlan. Preaching at
1 o'clock, subject, "The Perils of Our
Country and the Call for the New
Patriotism." Class meeting at 9 a. m.;
Sunday school at 11 a. m.; Junior
League 2:30 p. m.; Epworth League
6:15 p. m.; prayer meeting Thursday
7 p. m.

At the Presbyterian church Sunday
morning the pastor will preach on
"The Prophetic Tragedy of Fallen
Citizens and Great Empires," and in
the evening he will preach on "Home
Rule, Women Rule and Rum Rule in
Ireland." The collection for general
assembly purposes of ten cents per
members will be received Sunday.

Mrs. Lyle Evans of Chillicothe, O.,
is visiting at the home of her parents,
Mr. and Mrs. Otto S. Jones, a short
distance west of the village. Mrs. Ev-
ans has her young son with her and
Grandpa Jones had the old cherry
cradle, that he was rocked in, await-
ing the arrival of the new grandson.
The old cradle has been treasured for
over sixty years by the great grand-
mother, Mrs. H. J. Williams. The
cradle was made by Deacon Gerard
Bancroft in 1849 for De'Esting W
Jones of Granville.

This afternoon the Woman's Chris-
tian Temperance Union is holding a
meeting with Mrs. Howe. The subject
discussed was "Evangelistic Work,"
with Mrs. Carlan as leader.

Mr. W. H. Wilson has recently pur-
chased the valuable John Dustin farm
north of the village and was here
this week planning numerous improve-
ments on the farm. He was accompa-
nied by his wife. They are from Elm-
wood, W. Va.

Thursday evening the following
were entertained at S. S. Chamberlin
Lodge: Mrs. C. J. Rose, Marion West,
the Misses Jewett of Aberdeen, S.
D., Margaret McKibben, Marion Rose,
Amy Jones, Dee Thornton and Louise
Ferguson.

Mr. and Mrs. Harrison Underwood
of Toledo who have been visiting
their son in Columbus for some time,
stopped over in Granville Thursday
for a short time on their way home.

Thursday afternoon the Kappa Phi
gave a tea at their sorority house.

An enjoyable surprise was given
Miss Esther Carney at the home of
Harriet Hunt.

Percy Told of Cincinnati, is spend-
ing a few days in Granville.

Ernest Shephardson of Pittsburg, was
in the village this week, visiting his
Beta brothers.

Miss Helen Carter, a most charming
young woman of Ironton, who has
been visiting here for several days,
has gone to Newark where she will
spend a few days with her aunt.

The King's Daughters will give an
Easter social in the parlors of the
Presbyterian church on Friday eve-
ning, April 17.

After a short though pleasant visi-
tation with friends in the village, Howard
Thornton has returned to his home in
Middletown, O.

Mrs. Maria Follett and Mrs. J. S.
Jones, who have been spending the
winter in Chicago, have returned to
Granville.

The first prep debate will occur at
Recital Hall this evening when Deane
will discuss "The Initiative and Re-
ferendum," the latest question in
Ohio today with Wooster. The debate
will be worth hearing.

Important Announcement

Read this carefully, then tell us if you ever had a fairer or more generous
proposition. We want to introduce

Hagmeier's Sunshine Flour

into every home in Newark where flour is used. To do this we make you
these three offers:

FIRST—To sell you for \$1.30 a large sack the same grade of Patent flour
that our competitors sell for from \$1.50 to \$1.65.

SECOND—To refund your money if after baking with our flour you are not
perfectly satisfied.

THIRD—To offer the following special inducements beginning

Saturday, April 11, and continue one week
only, we will give absolutely free with ev-
ery purchase of 1 large sack of Hagmeier's
Sunshine Flour at \$1.30, one 25 cent
can of Hagmeier's Best Baking Powder

We buy our flour in car-lots is the reason why we are able to give you the low
price. HAGMEIER'S SUNSHINE FLOUR is the best flour that any mill can pro-
duce. Its quality is excellent. When a woman has good materials to use in pre-
paring her meals you may expect good things to eat. Nothing plays a more im-
portant part in the cooking of a meal than flour; it is the foundation of the meal,
and forms the greater part of the housewife's every-day life. There is nothing
whiter or better for pastry or bread than HAGMEIER'S SUNSHINE FLOUR. It
meets every requirement of the most particular housewife, because there is no ap-
peal from the excellence of the meal when cooked with HAGMEIER'S SUNSHINE
FLOUR. For sale only at the PITTSBURG CASH GROCERY. Originators of low
prices.

Beginning Saturday, April 11, and to continue for one week only—we
have cut the price on everything in our line. We are bound to win your trade
at the following prices.

Below we mention a few of the new things just opened. Everything on the
list is

FRUIT PLENTIFUL

Growers Predict Abundance for Com-
ing Season—Peach Crop Looks
Very Good.

With strawberries pouring into the
market and cream reduced in price,
the prospects for shortcake are un-
usually good. Commission men re-
port a large yield of the fruit, which
will begin to move in quantities in a
few days. The pineapple crop is also
said to be unusually fine. Tomatoes
in abundance will be offered to lov-
ers of salad, stew, pickle and catsup.
As for peaches, the rule of years is
broken. Nobody can be found to pre-
dict a crop failure. Unless a hard
freeze comes shortly to blast the new
formed buds the fruit will be excep-
tionally fine and plentiful the fruit
growers say.

Have you tried Consumers' "Health
Brew," the new brand of bottle beer?
Don't fail to give this fine beer a trial.
We know you will be pleased with it.
The Consumers' Brewing Co.

MAJOR C. H. MATTHEWS

Made Many Sacrifices for Party of
His Choice—To State Conven-
tion on Horseback.

The death of the old Democratic
editor, Major Charles H. Matthews
of New Philadelphia, recalls an inci-
dent he related to the editor of this
paper, which occurred over 60 years
ago.

The Major was then a comparative-
ly young man and like many other
young editors, was impulsive and im-
bued with the idea of attending all
the conventions of the party. The
Democratic state convention of either
1846 or 1847 was held in Columbus.
January 8, and the Major, either 26
or 27 years old, was chosen as a dele-
gate from Tuscarawas county.

The mode of travel in 1846 was
not as swift as it is today. There
was no double tracked Pan Handle,
which would carry him from Denni-
son to Columbus in two hours, but
his fastest and most practical meth-
od in winter time, was to mount a
horse and ride through. This he
did. He started on the 5th of Janu-
ary and spent the first night in Co-
shocton; the second night was spent
in Newark, and the evening of Janu-
ary 7 he pulled up to the hotel in Co-
lumbus. It was more than likely
that the major was the last of that
convention's delegates to pass away.

He made personal sacrifices for his
party—that one convention taking an
entire week of his time—but those
who knew him, know how unselfish
were his labors for the party of his
choice. He labored for the better-
ment of his party and his voice and
pen were always used in advocacy of
the principles which were for the ben-
efit of the greatest number—Co-
shocton Times.

The curse of Brazil lies in the
great illiteracy of its men and wo-
men. According to the official gov-
ernment figures the illiteracy is 80 per
cent.

SKIN-SUCCESS BLOOD-SUCCESS SKIN-SUCCESS BLOOD-SUCCESS SKIN-SUCCESS BLOOD-SUCCESS

PALMER'S CURED A BAD CASE OF ERYSIPELAS Ointment

"I had a cold sore in the corner of my mouth, and in shaving, cut it, and in a week's time it spread until my face was covered with a mass of corruption. The doctor said I had Erysipelas and prescribed but without relief. I nearly went insane with the pain, then I was advised to try the Palmer 'Success' Treatment. In applying to the wonderful effects of the 'SKIN-SUCCESS' Remedy, I am glad to say I promptly and permanently cured me and I am now recommending them to all similarly afflicted."—JOHN W. WASH, 17 Sandy Lane, Carbondale, Pa.

Erysipelas is recognized by physicians as a most dangerous and loathsome disease, difficult to cure and pronounced contagious; it is a diffused inflammation of the skin and is subdued by simple diet and persistent use of the "SUCCESS" Remedies; the Ointment to draw out the poison; the Soap as an antiseptic cleanser and the Remedy to purify the blood.

These 3 Great Cures comprise the Treatment: Ointment, 25c. and "So. Soap, 25c. Remedy, 25c. and "So. Cream, 25c. to the "Success" Drug Co. Atlantic and Kingston Aves. Brooklyn, New York City.

ARBOR DAY

Governor Harris Recommends the Planting of Trees and Protection of Birds.

Governor Harris has designated Friday, April 17 as Arbor Day and recommends that school children be instructed in the planting of trees, the protection of birds, and kindred subjects in connection with the legal observance of the day.

The governor in his proclamation urges that all citizens join their respective authorities in beautifying the streets and highways, the parks and school grounds and the surroundings of homes as well as in every possible encouragement for the cultivation of forestry.

The planting of trees will lessen the loss from floods and droughts, promote the productivity of soils, moderate the extremes of temperature and modify the changes of climate and thus contribute to the material interests of all as well as to the "humor of nature."

Stops earache in two minutes, toothache or pain of burn or scald in five minutes, hoarseness, one hour, muscleache, two hours, sore throat, twelve hours—Dr. Thomas' Electric Oil, monarch over pain.

Try the Wear-Proof Suit for your boy. They have given the best satisfaction and can be had only at EMERSON'S, Corner Third and Main.

THIS AND THAT

Farmers say that wheat never looked better at this season than it does now. This is a bit of news that always makes the hearer no matter in what business he is engaged, feel good.

The ladies are on tenderhooks of suspense, but live in hope that the weather on Easter Sunday will be fair as that of a summer day.

Organize Democratic clubs in every community. The way to win is to organize before the battle begins.

Organized labor has enjoined any further growth of Mr. Taft's love for organized labor.

There is nobody more apt to make a mistake than the cocksure man.

The reason that a sucker bites is because that is what he is on earth for.

Wonder when William Bolton is going fishing again.

A walk to our beautiful "City of the Dead" is now a popular stroll on sunny Sunday afternoons and many make the trip each succeeding Sabbath day.

Select your spring suit early. The picking is now at its best. Excellent suits at \$10, \$12, \$15, \$18. wld9-2t THE GREAT WESTERN.

FALLSBURG.

W. B. Howell of near White Oak chapel was a Newark caller Wednesday.

G. W. Shoults, F. M. Frost and son were in Newark Thursday.

Miss Verona Warfel of Hebron was the guest of her parents, Mr. and Mrs. Bartly Warfel, over Sunday.

Mr. J. W. Frampton of Frampton was the guest of his parents Mr. and Mrs. I. K. Frampton, Sunday.

Messrs. Jacob Rinehart and John Johnson of Newark are guests of friends north of town.

Rev. P. E. Kemper went to Zanesville Monday to attend the Ministerial meeting of this district.

NEW SKIN REMEDY

Creates Big Stir; Drug Stores Crowded With Sufferers.

For several weeks past Frank D. Hall's and other leading drug stores in this city have been crowded with persons desiring a supply of poslam, the new cure for eczema. This is the drug which has created such a stir throughout the country since its discovery one year ago.

For the convenience of those who use poslam for pimples, blackheads, blotches, red nose, acne, herpes and other minor skin troubles, a special 50-cent package has been adopted, in addition to the regular two-dollar jar, which is now on sale at all leading drug stores.

In eczema cases, poslam stops the itching with first application and proceeds to heal, curing chronic cases in two weeks. In minor skin troubles, results show after an overnight application. For a free experimental sample, write direct to the Emergency Laboratories, 32 West Twenty-fifth street, New York City.

Business, Pleasure

or anything that excites and exhausts the brain nerves, causes headache.

Some persons cannot even attend church, theaters, ride on cars, or on the water, or go where there is the least excitement without an attack. Dr. Miles' Anti-Pain Pills, taken as directed will stop the pain. To avoid suffering take one as soon as you feel an attack coming on. Your druggist can tell you of many who would not be without them.

"I have been troubled with severe headaches for many years. I began to use Dr. Miles' Anti-Pain Pills. It is the only remedy that has given me or my family any relief. I do not now have such spells, because when I feel one coming on I immediately take one of the tablets, never more than one is required. They are so effective and I appreciate them so much. I always have them with me. My wife and family always use them. I do not know of anyone else who has been cured without them." S. A. GARDNER, Janesville, Wis. Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails, he will return your money. 25 doses, 25 cents. Never sold in bulk. GOLD MEDAL FLOUR

THE VERY HIGHEST QUALITY

OIL & GAS NOTES

(Granville Times)

The Columbus Gas and Fuel company well on the C. J. Pence farm north of town, came in Thursday. Volume one and a half million, sand 30 feet.

The Ohio Fuel Co. has stakes driven for an eight inch pipe line from the Geo. E. Howell farm, north to then twelve inch, a distance of three miles.

It is reported that the Columbus Gas and Fuel Co. has made a location on a 20-acre piece lying on the east side of the Burg street road belonging to David R. Owens.

The Heisey Co. well on the B. S. Everett farm, west of town, came in light on last Thursday. A shot was put into it Saturday and is now making three and a quarter millions.

The Heisey Co. has made location No. 2 on the Miss Hattie Everett farm west of town.

The Columbus Co. had a fine well come in Thursday on the Abe Musser farm in Fairfield county.

The North American will drill its No. 3 on the E. M. Jewett farm, southeast of Granville. It expects to start soon.

W. C. Towns, retiring chief engineer of the Ohio Fuel pump station at Homer, was presented with a gold watch and fob by the employees of the station last week. Julius Rogers of Mt. Vernon has succeeded him and Wm. Gregory will chief machinist.

The Columbus Gas and Fuel Co. drilled in well No. 4 on the Morton Brooks farm in the McKean field last week. Volume one and a half million. This is an offset well of the Ohio Fuel No. 2 on the A. J. Cada which produced better than four millions when drilled in last summer.

The Columbus company made a location this week on the Seymour hens farm, two and one-half miles canal.

The derrick at the Fiesse well at Fallsburg has been torn down and will be moved to the J. W. Porter farm.

The Everett Co. is drilling on the Geo. Sperry farm two miles south of Urica. The same company is also drilling a well on the Albert Riley farm in the McKean field.

UTICA.

A baby boy was born to Mr. and Mrs. John Mills, south of town on last Wednesday night. Mrs. Mills is a daughter of Charles Knisly.

Mrs. Ed Bailey of Newark was the guest of friends here several days last week.

The Saturday Review club will hold its postponed meeting at the home of Mrs. W. A. Alsford next Saturday afternoon.

The Ladies' Aid Society of the M. E. church will meet at the home of Mrs. R. T. Bringerhoff next Thursday April 16, at 2 p. m.

Mrs. John Cummins and Miss Cummins have been visiting in Muncie, Ind., the past week.

George W. Stevens of Richmond, Va., was the guest of his mother here a few days last week.

The 60 acre farm of the Koutz brothers, north of town, which was put up at auction last Thursday, sold for \$71.25 an acre. It was bought and divided by the neighbors whose farms adjoin the property.

Donald Kirkpatrick, George Alford, Ralph Kempton and Harvey Thatcher of O. S. U. are spending their spring vacation at their homes here.

At the regular meeting of the town council Monday night, Geo. Daniels was appointed street commissioner to succeed Walker Wilson, resigned. A petition protesting against paving Mechanic street was presented with the names of the owners of 1594 1-2 feet front signed to it. This exceeds the petition for paving this street by 191 1-2 feet. It is said that a verbal signed both petitions, so that a new petition for paving will be circulated by former Mayor Barker. Other than paying a few bills, no further business was transacted.

The Wisdom of Age and Experience

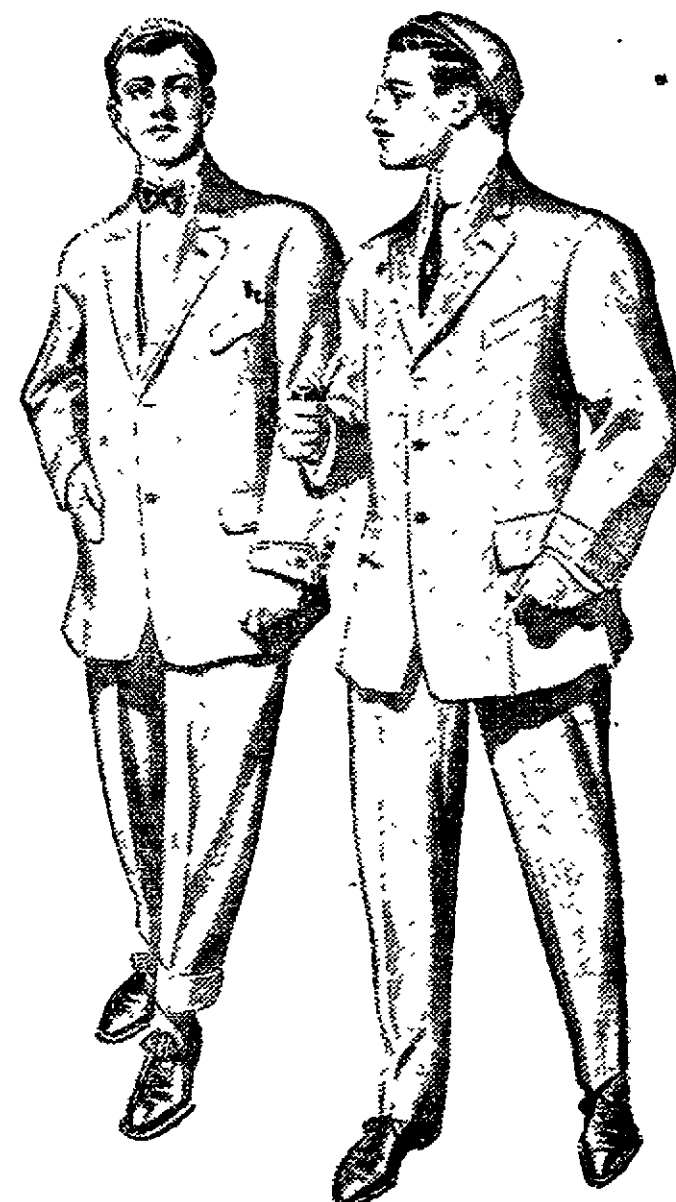

There are old men here in Newark who deeply regret that they did not work enough, study enough, and particularly did not work enough, read enough in their earlier life.

Each of these older, wiser, sadder men could infinitely improve the lives and happiness of hundreds of younger men—if the younger men would only listen to them and profit by their experience.

They would tell you to work; they would tell you many things NOT to do; but even if you refused all the rest of their advice, they would insist upon your saving money; and upon your having a system to save regularly. So much from each pay check soon becomes the easy way. BEGIN NOW.

We pay 4 per cent interest on Savings accounts.

NATIONAL BISCUIT COMPANY

FRIEND'S SKELETON

Found in the Sands of the Imperial Desert of California by an Indiana Man.

Indianapolis Ind., April 10.—The skeleton of Worth Merritt, formerly a well known Indianapolis business man, has been found in the sands of the Imperial desert in Southern California, near the Mexican border, by Robert McCann, one of his friends.

Merritt disappeared from his ranch near San Diego nearly two years ago and members of his family were unable to get any trace of him. It was feared that he had been murdered and robbed, as he had a considerable sum of money when he left home on a prospecting tour.

McCann happened to run across the skeleton, and he identified it as that of Merritt by remnants of his clothing and his watch. Merritt was the son of George Merritt, who was in the woolen mill business here for many years.

UNDERTAKERS

HOLD HIGH CARNIVAL AROUND PROSTATE FORM OF A CORPSE.

Merriment Becomes Furious and "Remains" Are Strewed With Flowers.

LIKE ENOCH ARDEN

Returns and Finds His Wife Married to Another Man.

Bristol, Tenn., April 10.—The story of Enoch Arden is vividly recalled in the sudden appearance at his home near Jonesboro, Tenn., of John T. Strong, who vanished five years ago, and was mourned as dead. He found his wife, now 32 years old, married to William Curtis. Two children blessed this union.

Strong was cordially received by Mrs. Curtis and her husband. After talking the situation over he and Curtis agreed to leave it to the woman to decide with which of the two she would live. She finally decided in favor of Strong.

Curtis, who declares that he has an uncompromising love for the woman as the mother of his children will, it is stated, institute formal proceedings to have the marriage with her annulled.

Strong has been in the service of the army in the Philippines since leaving home. No explanation is given for his long silence.

U. S. Navy Sailor and Russian Suits, are to be had at EMERSON'S, Corner Third and Main.

UNCLAIMED LETTERS.

List of letters remaining unclaimed for at Newark, Ohio, week ending April 6, 1908.

AMUSEMENTS

ORPHIUM THEATER.

Jeannette Marlboro and John Woodford have been keeping things lively at the Orphium theater this week. They opened up big, but have been going bigger at every performance. The act is out of the ordinary in its construction and both Miss Marlboro's song and Mr. Woodford's recitations score heavily. The feminine portion of the audience is especially interested in Miss Marlboro's extensive wardrobe. She makes an elaborate change for each performance. The act was written especially for Mr. Woodford.

MR. MANTELL AS KING LEAR

Montgomery Phister, of the Cincinnati Commercial Tribune one of the most scholarly critics in this country, eulogized Mr. Mantell's performance of "King Lear" which he

recently presented in that city in the following glowing words: "King Lear," tremendous in its volume of tragic grief, stronger in its breath and certainty of touch in the delineation of all the phases of human emotions than any of the acting plays of Shakespeare, was given by Mr. Mantell at the Grand last night, the actor, his company and the elaborate and excellent William A. Brady production commanding the praise of an exceptionally large, highly interested and most intelligent audience.

For sometime we have recommended the best to the people of Newark as the best cod liver preparation and tonic reconstructer we have ever sold.

To prove the reliability and genuineness of this substantial remedy and that it is in no sense a patent medicine, the people of Newark, O., will find on every package of Vinol, not only a statement of the ingredients Vinol contains, but an illustration in colors showing just how Vinol is made from fresh cods' livers and peptonate of iron, which is a needful constituent for the blood.

This proves in a very convincing manner to the people of Newark, O., the origin from which Vinol derives its wonderful curative power, and that it is a real cod liver preparation, made by a scientific process which eliminates the useless oil and retains all the active medicinal principles.

As a body builder and strength creator for old people, delicate children, weak, run-down persons, after sickness, and for chronic coughs, colds, bronchitis, and all throat and lung troubles, Vinol is unexcelled.

Try it on our offer to return your money if it fails. Frank D. Hall, Druggist, Newark, Ohio.

A BEAUTIFUL PINK SKIN Free from all eruptions follows the use of Dr. Hale's Household Ointment. It soothes irritations, stops itching and permanently cures all skin diseases, even of long standing. At City Drug Store, 25c.

Try Customers' "Health Brew," the most perfect beer brewed. The Consumers' Brewing Co.

NEWARK FIRM GETS CONTRACT

Coshocton, O., April 10.—Coshocton county's new court room will be furnished with solid black walnut furniture. The furniture will be of the latest designs and best workmanship. Wm. Schlaib got the contract for \$743.32 and the goods will be furnished to Mr. Schlaib by the Scott Chair company of Newark.

Children's rompers, long or short sleeves, knee or ankle length, at EMERSON'S, Corner Third and Main.

PROWLERS

In Various Parts of City Cause Much Uneasiness—Police Drag Net May be Used.

Burglars or sneak thieves are causing the police some little trouble recently, as reports are coming in from various parts of town of the attempts made to force windows or doors. Two foreigners reported to the police that two men were frightened away while tampering with their windows at their home and two men were frightened away from a West Main street home the other evening, by a lady as they were attempting to force the screen at the rear door.

The police have been keeping tabs on some of the loafers around town, and if they can not give a good account of their actions when suddenly taken in they will have a chance to think things over in quietness for 60 or 90 days. Some small jobs are traceable almost directly to some local characters and they will probably be taken in when the police drag net flutters.

William's Kidney Pills. Have you neglected your kidneys? Have you overworked your nervous system and caused trouble with your kidneys and bladder? Have you pains in loins, side, back, groins and bladder? Have you a flabby appearance of the face, especially under the eyes? Too frequent a desire to pass urine? If so, William's Kidney Pills will cure you. Price 50 cents. Sold by R. W. Smith, Newark.

ADMINISTRATORS' SALE.

The administrators of estate of George P. Webb, deceased, will offer for sale April 18th, 1908, at the south door of the court house, Newark, O., a farm of 189 1-2 acres in Union township. There is a new house and new granary, large barn on the farm. Also two producing gas wells which pay \$400 per year. Appraised value \$13,265.00.

A. R. WEBB, F. C. WEBB, Administrators. C. W. Miller, Lawyer. 9-8t

LEMERT POST

And Board of Trade Will Endeavor to Secure G. A. R. Encampment for Newark.

A committee composed of Messrs. Bigbee, Nash and Lovett from Lemert Post, No. 71, G. A. R., and Messrs. Kennedy, Phillips, Evans and Maynone of the Board of Trade, met in the Board of Trade office Thursday evening and discussed plans for landing the G. A. R. encampment for 1909.

Organization was effected by electing Mr. Bigbee president and Mr. Maynone secretary. It was decided that Newark wants the 1909 encampment, and wants it badly, so in the effort to secure the next annual meeting of the old soldiers the Board and the Post will work in conjunction and bend every effort to secure it.

A letter showing the Memorial building and a diagram of the encampment grounds will be sent to every post in the state, and speakers from Newark will visit posts in Knox, Franklin, Muskingum, Coshocton, Perry and other surrounding counties to tell the comrades just what Newark is and how well she can care for them.

The speakers will ask the different posts to instruct their delegates to the Lima encampment in June to vote for Newark, and just before the delegates leave a second letter will be mailed them asking their assistance in bringing this encampment to this city. Of all the smaller cities of the state none are better prepared to care for conventions and encampments than is Newark, and this fact will be impressed on the minds of the delegates.

Many School Children Are Sickly

Mother Gray's Sweet Powders for Children, used by Mother Gray, a nurse in Children's Home, New York, break up Colds in 24 hours, cure Feverishness, Headaches, Malaria, and all the Bowel Disorders, move and regulate the Biliary tract, destroy Worms, Mrs. Emily Maroon, Meridian, Ct. says: "It is the best medicine in the world for children when feverish and constipated." ANNUAL REPORT

Grand Keeper of Records Beatty, of Knights of Pythias, Forwards Same to Grand Lodge.

The annual report of Wm. Beatty, Grand Keeper of Records and Seals of the Ohio Knights of Pythias, has been forwarded to the grand lodge.

On January 1, 1908, the order had 80,829 members, a net increase for the year of 2,878. There are 658 lodges in the state. The grand lodge financial statement shows that there was in cash on hand on January 1, 1907, \$46,562.94. Receipts during the year were \$69,129.41. The disbursements were \$74,678.11, leaving a balance on January 1, 1908, of \$41,014.24.

The financial statement of the subordinate lodges shows \$341,970.16 on hand on January 1, 1907. Receipts for the year were \$677,230.69. Expenses amounted to \$592,982.48. A total of \$96,158.64 was invested and cash on hand January 1, 1908, amounted to \$330,049.73.

The assets of the grand and subordinate lodges amounted to \$2,278,081.80.

FINE COLLECTION OF REPTILE SKINS

Rufus J. Whitcomb, of Dell Center, Idaho, is visiting at the home of his nephew, Byron J. Long, of Park avenue, North Newark. Mr. Whitcomb has with him one of the most remarkable collections of snake skins that is known. There are just 86 different species of the reptile family to be seen in the heavy glass case, in various lengths. The collection includes the deadly cobra of India, the mighty anaconda, known and feared throughout the tropics, the rattler, blue racer, hoop snake, and even down to the harmless water snake of school days fame.

The owner of the collection has had various offers for it, many of them very tempting. About three weeks ago he received a good offer from a museum in Philadelphia which was accepted and the reptile skins will be shipped there as soon as the case can be properly crated.

The snakes are mounted side by side, crosswise, coiled, and in various positions, the natural pose of the living reptile being observed in each instance insofar as is possible in the space.

The case is of dark mahogany and is arranged to rest at an angle on turned mahogany legs.

MARTINSBURG.

George W. Clifford, and old and highly respected colored man, died at the infirmary Sunday and his body was brought here Tuesday for burial. He had lived here for 60 years and was known to nearly every visitor of the town. His age was not known, but he was nearing the century mark. He leaves a wife and two sons.

Mrs. Grace Whissell and baby of Cambridge are visiting Mrs. Whissell's mother, Mr. Abbie Lovell.

Mr. and Mrs. Douglass Wilson are

moving to their farm at Chesterville this week.

Mr. W. L. Cline has purchased the Douglass Wilson property and will reside there.

F. I. McClelland has purchased the Gilmore farm, southeast of town. Miss Ruth Gilmore has returned from Wooster university where she spent the school year.

Mrs. J. N. Freese returned from Danville Sunday, after spending a week with her daughter, Mrs. Nellie Burris.

QUACK ROBS MAN.

Loss of "vital power" makes the average man of middle age worse off in his ability to enjoy than the old fellow of sixty odd years; while it also makes him a prey to the cunning of quack doctors, who treat him with their electric belt, and other "vital" remedies. An eminent specialist who has treated many of New York's millionaire club men, who lead too fast lives, and whose fees range from \$300 to \$1,000, recently consented to the publication of a most valuable formula, claiming that its marvelous restorative powers over the urinary and generative functions was such as to cure the average man and restore nature's sweetest blessing to the highest tone and vigor, such as may never have been realized before. Men in every station suffer untold tortures from inability, "nervous exhaustion," kidney and urinary difficulties, and this will certainly prove a blessing to such and prevent their being robbed and swindled.

Get at any well stocked drug store, "one ounce concentrated Fluid Balmwort" and "three ounces syrup Sarsaparilla compound," mix and let stand two hours. Then get "one ounce compound essence Cardui" and "one ounce Tincture Cadomene compound." Mix all in a six or eight ounce bottle; shake well and take a teaspoonful after each meal and one at retiring.

The three main ingredients are pure concentrations, but up especially for doctors and for prescriptions generally. In one ounce bottles, packed in cardboard boxes, in just the right amount, so that no measure or weighing is necessary. Care should be exercised not to get bulk quantities, as they are strength and consequent worthlessness.

If properly made of pure ingredients with printed pure drug guarantee on the package, the "vital" will quickly follow, with completely restored or developed functions, and make life worth living. Secrecy is insured by mixing at home, which is as it should be for over-sensitive men.

He mentions that a hot salt water bath nightly will greatly aid quick action of the treatment.

A large shipment of Easter neckwear just received at

EMERSON'S, Corner Third and Main.

PLEASANT VALLEY.

Rev. Paul E. Kemper filled his regular appointment here Sunday morning.

Miss Eunice Dinan of Perryton closed a very successful term of school here Friday.

Mr. W. O. Beckham finished moving to Bladensburg Saturday.

Mr. and Mrs. Perry Callison and sons Fred and Jay, spent Saturday evening at O. E. Booth's.

Mr. Thomas M. Williams made a trip to Appleton Monday.

Mr. and Mrs. Willis Priest and Mrs. Sarah Weekley attended the birthday party Sunday at H. W. Priest's, at Forest Glen.

Itching piles provoke profanity, but profanity won't cure them. Doan's Ointment cures itching, bleeding or protruding piles after years of suffering. At any drug store.

ANNUAL CONCLAVE

Of Y. M. C. A. Tuesday Evening, April 14—Delicious Banquet and Good Time Promised.

The annual convale of the members of the Newark Y. M. C. A. will be held in the gymnasium of the Y. M. C. A. building on Tuesday evening, April 14, at 7 o'clock. A delicious banquet will be served at the low price of 25 cents for members, at the conclusion of which the following toasts will be responded to, Mr. C. L. Flory acting as toastmaster:

"A Proper View of Association Membership"—Mr. Robert E. Lewis, state secretary.

"Nothing"—Mr. J. D. Simkins.

"Toasts"—Mr. Henry Cochran.

"A Few Jingles"—Mr. Howard N. Stevens.

The invitations have been issued in the form of a subpoena, in legal phraseology usually directed to witnesses to compel their attendance at court.

\$76,000 For a Y. M. C. A. Building.

The Young Men's Christian Association have been adding over three million dollars a year by their "Short-Term Campaigns," led by business men, which have made remarkable records of large sums secured in brief periods. These records have been broken, times considered, at Stockton, Cal., which has just raised \$76,000 in 14 days. The committee undertook to raise \$30,000 in that time; at the end of the sixth day the handsome sum of \$20,000 was reached, at the end of the fourteenth day \$75,000, which was increased to \$76,000. Over 12,000 people made subscriptions, ranging from \$1.00 to \$3,000. The campaign was directed by L. B. Mumma, one of the special secretaries of the Y. M. C. A. in charge of building campaigns.

Boulder, Colo., carried out a similar successful campaign, raising \$30,200 in ten days to complete its new building. Within thirty minutes of the time of the closing of the campaign it was found that the fund was \$1,360 short, but the vast crowd present subscribed this within fifteen minutes. Then dignified old gentlemen waived their hats in the air and shouted for joy. As the result was announced, young fellows swung the leaders of the campaign on their shoulders and carried them about the room. The mayor of the city was one of those shouldered. The gift exceeded \$2.00 per capita of the town's population.

GOV. HUGHES

SENDS MESSAGE TO LEGISLATURE AND MEMBERS OF SENATE ARE INDIGNANT.

Executive Called a Common Scold and Message Referred to as an Insult.

Albany, N. Y., April 10—Governor Hughes has sent a special message to the legislature urging again the necessity of passing the anti-race track gambling bills. The message further recommends legislation providing for direct nominations. The message also suggests the advisability of creating a commission to investigate the methods of Wall street. Senator Grady bitterly attacked the governor, saying that the executive was turning into a common scold. Senator McCarran charged that the message of the governor was a positive insult to the senate. He recommended sending a message to the governor inviting him to attend to his own business.

TELEPOST DOES THE BUSINESS

Washington, D. C., April 10—Zene-gufazy fetebebeda kujesazozul gysaje wafu—these are four of seventy words composing a cipher cablegram transmitted by the Delany automatic machines at the Washington office of the new telegraph company. The Telepost to convince a representative of one of the government's bureaus here that the Telepost machines can handle cipher as well as plain English.

After watching the transmission of about a thousand words a minute over an artificial circuit equal to the distance from New York to Buffalo, the government employee produced from his pocket the cipher cable of which four sample words are given, and with a laconic "send this," handed it to the operator. The test was as difficult as human ingenuity could suggest, the cipher being a reproduction in form and character of the code used by the United States government in telegraphic correspondence.

After the perforation of the tape by which the Telepost apparatus operates, the message was placed in the rapid transmitter and every word came out of the receiver in exactly four seconds. The advantage of mechanical receiving was strikingly demonstrated, for to read these meaningless jumbles of letters by sound would be very difficult and take a long time.

The sustained tests that the Telepost system has been through at the hands of telegraphers here as well as

in New York have removed any doubts that it is as to the entire practicability of the system in commercial operation. Recent reports show good progress with the establishment of the company's lines from New York.

JULIA MARLOWE

COLLAUSES AS RESULT OF HAVING HER NAME USED IN A DIVORCE SUIT.

Refuses to Appear in "Florida" at Ithaca—Says Woman Must be Crazy.

Ithaca, N. Y., April 10—The shock and mental strain brought on by the news that she had been named as co-respondent in a divorce action brought by Mrs. Karl Von Herrmann of Hamilton, Mass., against her husband, Karl Stephen Von Herrmann, caused Miss Julia Marlowe to break down completely within a half hour of the time when the curtain was to have been rung up in the Lyceum Theatre in her production of "Florida." She sent word to the manager of the theatre that she was too ill to leave her car.

Hundreds of her admirers were turned away from the theatre door after they had traveled down town through the mud and rain to attend the performance. Miss Marlowe refused to make any statement regarding the mention of her name by Mrs. Von Herrmann, but a Montreal dispatch quoted her as saying when informed of the filing of the suit:

"Why, it is the most absurd thing I ever heard of! It is preposterous. The woman must be crazy. My relations with Mr. Von Herrmann have been simply of a business nature. I cannot understand this unjust use of my name."

FOREST GLEN.

The Forest Glen school closed last Wednesday with a good program in the afternoon.

Mr. J. C. McArthur was in Newark, Sunday.

Miss Dell Scott of Fallsburg spent Sunday with friends here.

Mrs. Sarah Weekly of Pleasant Valley called on Mrs. Willis Priest Monday.

Mr. Eckord had the misfortune to have his arm badly hurt by the breaking of a belt while at work on the saw mill Monday.

A few friends and neighbors gathered at the home of H. W. Priest to rehim of his birthday Sunday.

A. B. McArthur sold a horse last week.

For family use we recommend our new brand of bottle beer, "Health Brew."

The Consumers' Brewing Co.

ETNA.

The U. B. church will give a social Saturday evening, April 18.

Mrs. Nellie Wilkins of Newark is spending some time with her mother here.

The Aid society of the M. E. church held a carpet sewing at the home of Mrs. Stultz Wednesday afternoon.

Harry Eswine expects to build a new dwelling this spring.

Mrs. Stella Cain of Columbus is visiting here.

Burt Hawbecker and family spent Sunday with Rete Hawbecker and wife.

Ruth Watkins spent last week at home.

New line of union-made shirts 50c and \$1, just received at

EMERSON'S, Corner Third and Main.

Future for Rutile Metal.

Rutile is described as the purest ore of the metal titanium. They think that this metal is going to be in great demand for the bearings and axles of flying machines. A big deposit of rutile has been found in the Timaroo district of Queensland.

Even when a fellow goes broke he might save a few chunks of hope.

Weak Little Boys

may become fine strong men. Some of the strong men of today were sickly boys years ago. Many of them received

Scott's Emulsion

at their mother's knee. This had a power in it that changed them from weak, delicate boys into strong, robust boys.

It has the same power to-day. Boys and girls who are pale and weak get food and energy out of SCOTT'S EMULSION. It makes children grow. . . .

All Druggists: 50c. and \$1.00.

Easter Millinery Opening

AT LONG'S

Saturday, April 11

We have rented a large, well lighted room for our Dry Goods, Shoes and Millinery and will offer you at our Easter Opening the

Newest and Neatest Hat Toggery

We have ever shown. Rents being so much lower in the new room (2nd floor, entrance between former location and Candy Kitchen) the prices will be a great saving to you right now, when money counts for much.

IRON TRADE REVIEW

Cleveland, O., April 10—The iron and steel trade continues to move quietly along the road to recovery. The improvement is so gradual in extent and so subdued in tone as to give rise to a question as to the true tendency of the time, unless the situation be carefully analyzed.

With the spring season advancing, the quickened life of industrial affairs normally present, has, with few exceptions, failed to assert itself in the usual degree. Large undertakings with their resulting requirements upon which present mill and shop capacities are so largely dependent, are noticeably absent. In this respect the effect of the meager buying of the railroads stands out most conspicuously. Small shop operations in this district at the present time are reflecting the lack of a consistent patronage.

To a great extent, present mill activities are being supported by small business, but the trade of this description has been fairly constant and steady. Under such conditions, the appearance of any decisive buying movement is expected to manifest itself quickly in a marked increase in the strength of the entire industrial field. It is the recognition of this fact that is contributing largely to holding the sentiment of producers so hopeful and uniformly optimistic.

The present week has brought the production of tin plate of the leading producer to practically a normal stage. In this respect tin plate is the first iron and steel product to reach such a basis of operations since the decline of commercial activity. The wire trade continues active and sheets are affording more encouragement to the makers. There are more definite indications of buying of merchant pipe and a shade of improvement is offered in the rail and bar situation. Other lines are unchanged.

A feature of the week was the opening of the market on cotton ties. This product is not dependent upon general business conditions, for its demand is related absolutely to the cotton crop. The outlook for business for this line is reported to be good.

The Charming Dears.

American women, as a rule, skate very gracefully; their slender figures lend themselves to the art, and they have, of course, plenty of opportunity for practice. English girls also skate well, but I think, on the whole, that no one looks prettier on artificial ice than the Parisienne.—London Magazine.

The first time a girl is disappointed in love she is very much surprised to find that her heart isn't broke
